

# Brittany Rough Water Week

10th - 17th September 2021

**Pointe Du Raz**  
**Western Brittany**  
**France.**

## Expedition Outline

Tide races, surf, rock hopping and Atlantic swell all put into one amazing week!

This trip is definitely for the experienced paddler, who wishes to push their comfort zone in advanced waters.

This is an opportunity to push yourself, learn your limits and improve your all round sea kayaking skills, paddle hard every day then enjoy comfortable warm accommodation, indulge in the local cuisine and visit some amazing villages. This will be a spectacular week of paddling and one we personally look forward to all year.

The **Pointe du Raz** is a promontory that extends into the Atlantic from western Brittany, in France.

The local **Breton** name is *Beg ar Raz*. It is the western point of the *commune* of Plogoff, Finistère.

It is named after the *Raz de Sein*, the dangerous stretch of water between it and the island of Sein (*Enez Sun* in Breton). It is a dramatic place of crashing waves and strong winds. The word *raz* was borrowed from the Normans by the Bretons and shares the same etymology as the English word *race*: strong current of water, both are from Old Norse *rás*.

The famous "La Vieille" lighthouse can be clearly seen from the headland. Although it is not quite the westernmost extent of France—that would be Pointe de Corsen, to the north—its rocky isolation

makes it a popular sea kayaking destination, comparable in some ways to Land's End in Cornwall.

We will base ourselves near the Pointe du Raz at a camp site 'Pors Peron.'

Located in the heart of the Cap Sizun peninsula, Camping Pors Peron is ideally situated close to the main points of interest. To the west is the infamous Pointe de Raz.

Camping Pors Peron offers great facilities including a covered heated swimming pool, modern shower blocks, a laundry room, bike hire, bbq hire, onsite WiFi, a well stocked campsite shop selling local cider and beer/wine & fresh bread/croissants.
